

# HONEST Workshops: Hot Topics in High Energy Astrophysics

## Thursday, 28 November 2024

### Prospects (09:00 - 12:00)

time	[id] title	presenter
09:00	[18] Review and prospects of pulsar models	BENOÎT, Cerutti
09:20	[19] Phenomenology and implications for current and next generation instruments	DJANNATI-ATAÏ, Arache
09:40	[20] Timing the future: pulsar ephemerides	CERIBELLA, Giovanni
10:00	[21] Prospects using the Cherenkov Telescope Array Observatory	ZANIN, Roberta
10:20	Coffee Break	
10:50	[22] Prospects for the detection of very-high-energy pulsars with LHAASO and SWGO	DUAN, Kaikai
11:10	[23] Summary/review of the workshop	AHARONIAN, Felix
